

QUALITY POLICY

The company KOENIGSEGG ADVANCED MANUFACTURING, SLU is part of the company group KOENIGSEGG GROUP. We manufacture components in Composite materials, mainly carbon fiber, and all the necessary tools to produce them, covering the entire value chain of projects. Our main market is the automotive sector.

The activity that we consider to be in accordance with the quality required according to the International Standard ISO 9001:2015 is:

Manufacture of parts of composite materials.

The declaration of policy gathers the following main points:

1. Commitment to meet the demands, requirements and expectations of our customers, as well as legal and regulatory requirements.
2. We offer our customers all the resources, experience and technical knowledge in the manufacture of Composites components.
3. We strive to be one of the world's leading producers and suppliers of Composite components in terms of customer satisfaction for our quality, product effectiveness and service.
4. We are equipped and motivated to assist in new advanced and technically challenging production and development programs.
5. We maintain continuous training to improve the skills of our workers, thus involving the entire staff in the achievement of the objectives of the organization.
6. We encourage teamwork and work to achieve a motivating environment among all members of the company.
7. We ensure that the working conditions are optimal by evaluating the risks that may occur in the processes, eliminating them as much as possible and reducing those evaluated.
8. Commitment to the continuous improvement of the management system implemented in the company.

Management makes this policy accessible and makes it available to its customers, all of its employees, suppliers and other interested parties.

The Policy is kept up to date through periodic reviews, coinciding with the revisions of the system by the management, in order to take into account changes in the conditions of the environment and the information received. In this sense, Management provides and will provide all the human, technical and economic means necessary to achieve the objectives and goals that are scheduled and periodically established.

Management
